"With Giving Day, we have the opportunity to make things a little easier for CSUSM students who struggle with food and housing insecurity while they work towards graduation. Every day, every one of us likely teaches or interacts with students who are too distracted by their hunger or their stress over housing to take full advantage of their education. I was this student once and someone generously gave me a helping hand which both set me on a more stable path and inspired me in turn to give when I was able." ~ Jill Weigt, Sociology
