MESSAGE FROM THE PRESIDENT

International students are an important component to the learning experience at CSUSM. They enrich and enliven our campus, helping to create an academic community of original thinkers. With new technologies and instant communication making Singapore, Sri Lanka and San Diego neighbors, it's imperative that CSUSM students have the opportunity to immerse themselves in the world's cultures. We sincerely believe that students in diverse classrooms are more open to perspectives that differ from their own, and that they are better prepared to be active players in today's global climate. We are proud of CSUSM's growing international student body and the contributions these students make to our campus, our communities and our region.

KAREN S. HAYNES, PH.D.
PRESIDENT
